**Basis for Opinion**

This financial statement is the responsibility of the management of the Company. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Notes to Statement of Financial Condition  
December 31, 2017

**Note 1 - Summary of significant accounting policies**

**Basis of presentation**

Greenwich Energy Capital Advisors, LLC (the "Company") was organized in December 2010 and began operating as a broker-dealer registered with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulation Authority ("FINRA") in November 2011.

The Company's activities consist principally of its role as an intermediary and advisor in merger and acquisition transactions. Accordingly, the Company claims exemption from Securities Exchange Commission Rule 15c3-3 because it does not carry customer funds or handle customer securities.

**Basis of accounting**

The Company maintains its books on the accrual basis of accounting.

**Commissions and fees**

The Company records commission and fee income as earned pursuant to the terms of its investment banking or consulting agreements.

**Cash**

Cash consists of amounts on deposit with a commercial bank, in interest and non-interest bearing accounts, available on demand.

**Allowance for uncollectible accounts receivable**

The Company uses the allowance method to account for uncollectible accounts receivable. Under this method, the Company reviews all receivables for any problems with collection. If the Company feels that there may be a problem with collections, an allowance is provided for the receivable. When attempts to collect a specific receivable are unsuccessful, the account is considered uncollectible and is written off against the allowance. As of December 31, 2017, the Company had no accounts receivable and, accordingly, determined that an allowance for doubtful accounts was not necessary.

**Note 1 - Summary of significant accounting policies (continued)**

**Income taxes**

The Company has elected to be taxed in a manner similar to the taxation of a partnership. The Company is not subject to federal or state taxes on income. Instead, the member includes the Company's taxable income or loss in his individual income tax returns.

The Company follows accounting principles generally accepted in the United States related to the accounting for uncertainty in income taxes. Adoption of the provisions did not have any impact on the Company's accounting for unrecognized tax liabilities. Management believes that the Company has adequately addressed all tax positions and that there are no unrecorded tax liabilities. Tax years 2014 to 2017 are open for examination by the Internal Revenue Service and years to 2017 by the California Franchise Tax Board.

**Use of estimates**

The Company prepares its financial statements in accordance with accounting principles generally accepted in the United States. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect amounts and disclosures reported in these financial statements. Actual results could differ from those estimated.

**Note 2 - Subsequent events**

The Company evaluated subsequent events for recognition and disclosure through the date which this financial statement was filed. Management concluded that no material subsequent events have occurred since December 31, 2017 that required recognition or disclosure in such financial statement.

**Note 3 - Net capital requirement**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum net capital, as defined, and a ratio of aggregate indebtedness to net capital not exceeding 15 to 1. As of December 31, 2017, the Company had net capital of \$10,202 which exceeded its required net capital by \$5,202 and the ratio of aggregate indebtedness to net capital was .25 to 1.
